EAST WATER STREET,
Marble Block, one door South of their old Stand.

HAVING recently received an extensive stock, and daily adding to it the latest styles of

SPRING GOODS,

Together with an enormous stock of DOMESTICS, purchased in the Fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE, without being subjected to the exorbitant rates of Rail Road charges on such goods as are sold at a fraction above Eastern cost, we are prepared to show, and will be most happy to sell the

MOST COMPLETE AND EXTENSIVE STOCK OF
DRY GOODS,
Ever before offered in the West!

Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.

We would say to
COUNTRY MERCHANT'S
who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

DAILY SENTINEL.

STRANGE CASE OF "BREACH OF PROMISE."—At the Marylebone County Court, on the 10th instant, an action (Redfern vs. Murray) was brought to recover £10, money lent, and caused no little merriment.

Miss Redfern stated that she had been on terms of intimacy with Mr Murray for five years, and she had now an action pending against him for breach of promise of marriage. He had used her most scandalously. Beside keeping company with her for five years, he had at various times got from her various presents.

The rings on his fingers and the watch in his pocket were her gifts. She lent him two £5 notes, and when he cooled toward her, she wrote him a letter, demanding her presents and money back, or to fulfil his promise. In reply, she got "Go to Putney on a gig, grease its tail, and the devil won't catch you. [Laughter.] No, no, it won't do. [Renewed laughter.] There is an old border sonnet to your tune—

> There was a criminal in a cart
> A going to be hanged,
> Reprieve to him was granted.
> The crowd and cart did stand,
> To see if he would marry a wife,
> Or otherwise choose to die.
> Oh! why should I torment my life,
> The victim did reply:
> The bargain's bad in every part,
> But a wife's the worst—drive on the cart.

[Roars of laughter.] Yours, as you behave yourself, Alexander Murray.

Mr. Murray: Woman, lift up your veil, not that I want to see your face, but I should like his honor to pass an opinion upon your frontispiece—[laughter]—and say, whether he would not drive on the cart in preference to marrying you. [Roars of laughter.] Did I not take you to all places of amusement; was not his money expended in it? Now answer that, you darned old conglomeration of bile. [Roars of Laughter.]

Miss Redfern: Oh, Sandy, you know I most always paid for our tickets.

Mr. Murray: Admitting that, who stood Sam in the liquor trade? [Laughter.] Just tell his honor on your oath how many little goes you had at the Crystal Palace. [Laughter.] Lord love you, she can toss off a dozen of little brandies, and fill both eyes after with the mountain dew. [Loud Laughter.] I hope your honor will not order me to pay this money, for I assure you I spent it all down her throat. [Renewed laughter.]

The Judge was of opinion that a gentleman had a bounden duty to stand treat for his lady's love, and made an order upon Sandy to pay the debt and costs in two instalments.

State Elections To-Day.—The States of Iowa, Kentucky, Missouri, Alabama, Texas and Arkansas hold their elections for State officers, Members of the Legislature, or Members of Congress to-day, and North Carolina to-morrow. Special interest is felt in the results in Iowa and Missouri, as not without bearing upon the Presidential campaign in the fall.

The People in Council.

GREAT GATHERING AT YOUNG'S HALL.

On Saturday night the Hon. Martin Grover, of New York, spoke to the People of Milwaukee in behalf of Freedom and Fremont. Although but one day's notice had been given of the meeting, and neither cannon, nor music, nor bonfires were put in requisition to attract a crowd, the Hall, spacious as it is, was filled in every part by as intelligent and substantial an audience as ever attended a public meeting in this city. Alexander Mitchell, President of the Fremont Club, having taken the chair, Col. Crocker, from the Executive Committee, submitted a report, which was adopted. Mr. Grover was then introduced by the President and proceeded to address the meeting for nearly two hours upon the great practical issues of the Campaign. The speech was able, interesting and effective. Mr. Grover entered very fully into the history of Congressional Legislation on the subject of Slavery, and established the fact, beyond all cavil or controversy, that *Slavery restriction*, the identical principle for which the friends of Fremont now contend, was the corner stone of the Democratic platform under Jefferson, Madison and Monroe; was approved and sanctioned by George Washington, and was the established and unquestioned policy of our government in the earlier and better days of the Republic. He contrasted, with bitter irony, the democratic platform set up in Wisconsin in 1849, which called upon Congress to interfere actively to prevent the spread of Slavery, with the new-fangled notions put forth at Cincinnati, under the auspices of Pierce, Douglas & Co., denying the right of Congress to interfere at all, and recognizing a perfect equality between Liberty and Slavery.—He called attention to the authorized, or "official" version of the Cincinnati platform, as issued from the *News* Office in this city, and showed that they had *deliberately suppressed* the resolution endorsing Pierce and all his acts. He alluded to Mr. Buchanan's course on the Slavery question and quoted the certificate of character given to Mr. B., by Gov. Wise, of Virginia, as having been always true to the South and to the interests of Slavery. He reminded Democrats that they were now invited to take passage in a craft which still sailed indeed under a Democratic flag, but from which Democratic principles and Democratic men had been thrown overboard and Southern rights and Whig pilots (Cushing and Wise) substituted for them. He showed how the South, with the help of Wise, Buchanan and others, has striven to extend the Missouri Compromise line to the Pacific and thus make a Slave State of Lower California, and how they were baffled and defeated in the attempt by one John C. Fremont (and here the speaker was interrupted for several minutes by the applause which Fremont's name elicited) and other true men who engineered California into the Union as a Free State. He showed how the great interest of Free Labor, the ornament and strength of the Republic, was to be weakened, dishonored and degraded by the spread of Slavery. He ridiculed the false cry of sectionalism which the South, itself the most purely selfish and sectional of any part of the Union, had raised against Mr. Fremont and his supporters, and which the supple Doughfaces of the North were so ready to echo.

In conclusion, Mr. Grover said that the People of Wisconsin had a *double* duty to perform in November; first, to put a majority of votes for Freedom and Fremont *into* the Ballot-boxes and see that there was *a fair count.* This allusion to the frauds and forgeries of the Barstow Democracy, in last Fall's Canvass, "brought down the house." At the close of Mr. Grover's remarks a resolution was offered and unanimously adopted, heartily thanking him for his efforts in the good cause and urging him to speak elsewhere in Wisconsin: and then the vast audience quietly dispersed, alike gratified and instructed by Mr. Grover's very able address. It was seed sown in good soil and will produce a hundred fold.

Kansas in the House.—The *News* charges that the whole object of the Sherman amendment to the Army Appropriation Bill (which disarms the Border Ruffians, opens the Territory to Free, as well as Slave State Settlers, and stops the prosecution for Treason) is to "restore anarchy and confusion" to this Territory. Mr. Wells, the Democratic Member from this District, voted for the amendment. Is he for "anarchy and confusion" in Kansas?

From Our New York Correspondent.

New York, July 28, 1856.

Our skies are brass and our stones iron; the heat is excessive and the rains fall not. Men pant and toil beneath the burning sun, and night is hardly less trying than the day, for bricks and pavements and a parched earth radiate heat scarcely less intense than that of noon-day. Yet, withal, the city is healthy, and though far from clean, the preventive of lime and other disinfecting agents are freely used, and the poison is thus measurably counteracted, which, with proper efforts and appliances at the right time, should not exist at all.

The session of Congress is drawing to a close. In the next three weeks work will be done that should have been done months ago, and much will be left undone by reason of long delays and the anomalous character of the House of Representatives; which, with a clear nominal majority sufficient for all working purposes, in favor of Freedom, has had its power frittered away and its efficacy for good impaired, by some half dozen or more conceited or wicked men, who, because their crotchets could not be suffered to prevail, have incurred the fearful responsibility of delaying justice to Kansas and in the pursuit of such a chimera as electing Mr. Fillmore, have, so far as their votes and influence can have effect, put at hazard the great act of political renovation and regeneration which the election of Fremont is to work out for the country. Indeed few men have incurred, according to my judgment, a more terrible notoriety than the half dozen Fillmore men like Mr. Haven and the weak and conceited, yet all therefore more mischievous pretenders, like Wheeler of this city, whose crooked ways have served to retard the legitimate action of the House and defeat the will of the people. With an adverse Senate, an unscrupulous and persecuting Executive, and a House distracted by such men as the South American shifters have shown themselves to be, it is hardly wonderful that more good has not been done, or so much evil been avoided. What the remainder of the session may produce cannot be foreseen, but that it will, or can, at this day, retrieve lost opportunities, or repair injurious delays, is not to be expected.

The acquittal of the murderer Herbert, under the charge of the District Judge Crawford; the cheers of the Southern bullies in the House of Representatives at the utterance of any insolent speech against the North and Northern men; and the acquiescence of Grand Juries and magistrates of the District, in outrageous assaults and batteries, such as that on Mr. Greeley; and the open avowal of Mr. Brooks of his purpose to draw Mr. Burlingame into a fight, in plain violation of law, will, it may be hoped, have at least one good effect, that of opening the eyes of the representatives from the Free States to the absolute necessity of removing the seat of government from Washington to some more central position in a Free State. The seat of Empire should follow the march of Empire westward; and the capital of a free nation should be where the sound of the lash and the manacle of the slave are never seen nor heard. Whenever the Free States shall determine upon this act, it will do more to vindicate the nationality of Freedom and to show that Slavery is both sectional and exceptional, and while it lasts must and should be so regarded and treated, than all other acts and arguments. There will indeed be great struggle and outcry on the part of the Slave interest. They will insist upon contracts, compromises and vested rights, although none such in reality exist at all comparable in force and sanctity to the Missouri Compromise, which they so recklessly set aside for their own selfish purposes. They will appeal to the name of Washington, and protest against undoing what he did. But how much of what he did has that same Slave interest undone, and how little is his example heeded, in the maxims or the conduct of the Government he did so much to establish and consolidate? How far different is the standard, now a days, of public appointment, from that of the days of Washington! If then his name and example avail not with their slave-holding adherents, to perpetuate good, shall they avail to perpetuate evil? Surely not. Sagacious as was that illustrious man, it entered not into the scope of his wide vision and anxious readings of the future of the country he loved and served so well, to apprehend that the day would ever come when a great party could raise and using the name and emblems of Democracy, agree upon such a declaration of principles as that adopted at Cincinnati and in which the Candidate of the party has merged his individuality. I was about to add, self-respect, but that a man, convicted of two such deliberate falsehoods, told for political effect, as the slander against Henry Clay and the imposture respecting Mr. Polk's Tariff propensities, must long since have parted with all self-respect. It would never have entered into the mind of Washington, that within half a century of his death, a party could profess, as its fundamental principle, the equality at home of Slavery with Freedom, and the right to equal protection and extension under the Federal authority; and the right abroad of seizing upon and appropriating any territory that might be deemed beneficial to ourselves. The flag of the Pirate and the robber never could be recognized by Washington, and an appeal by those who serve under such a flag to the name of Washington is an indignity and an insult. Let it not be heeded, but be the Right done and soon.

The Missing Plank!

In his speech, Saturday evening, Mr. Grover exhibited to the audience one of the "yaller kiver" pamphlets, printed at the *News* office in this city, and circulated far and wide thro' this State, as the official and authorized version of the Cincinnati platform. In this copy, the following important resolution, unanimously adopted by the Convention, and furnishing the key to the whole platform, *is purposely suppressed:*

Resolved, *That the Administration of FRANKLIN PIERCE has been true to Democratic principles, and therefore true to the great interests of the country; in the face of the violent opposition he has maintained laws at home, and therefore we proclaim* ☞ *OUR UNQUALIFIED ADMIRATION OF HIS MEASURES AND POLICY.*

This resolution is the *key* to the entire platform. Pierce's *acts* are the practical application of the so-called Democratic principles put forth at Cincinnati. Buchanan, if elected, is *pledged* to follow in Pierce's footsteps; the North West is opposed *en masse* to the Pierce measure and policy. The Buchanan leaders are perfectly aware of that fact and therefore *omit*, in their published platform, the above significant resolution. Can the People be cheated, by any such false pretences, into the support of the Pro-Slavery and Sham Democracy? We rather think not.

Buchaneer Argument.—The New York *Courier and Enquirer* of Wednesday last has an article in reference to a recent electioneering trick resorted to by a leading Buchanan organ in Pennsylvania, from which we copy the following:

The Daily *Pennsylvanian*, edited by Forney, and the particular organ of Mr. Buchanan, in its desperate endeavor to serve the waning fortunes of its chief, has resorted to the expedient practised by the *Journal of Commerce* five years ago; and has published a long list of merchants who are attached to a Republican Association in Philadelphia, and denounces them to the South as unworthy of its patronage. The object, of course, is to intimidate the merchants of Philadelphia from sustaining Col. Fremont, by damaging the business of those who act upon such a conviction of duty. It is sought to strangle the judgment by the purse strings—to keep merchants in party subjection by visiting upon them pecuniary losses as a penalty of independent action.

We think every man of sense and spirit at the North must reprobate this infinitely mean attempt to *dragoon* the merchants and business men of Philadelphia into the support of Mr. Buchanan by threatening them with the loss of Southern custom. The Buchaneers must indeed be at their wits' end when even in Pennsylvania they are forced to employ such merely sectional and miserably selfish appeals.

The Champions of Club Law.

Among the telegraphic despatches published in the New York papers of Thursday last, is the following suggestive one:

Unanimous Re-election to Congress of Messrs. Keitt and Brooks.

Columbus, S. C., Wednesday, July 30.

The elections in Messrs. Keitt's and Brook's Districts have resulted in the unanimous re-election of both. A very large vote was cast.

It will no longer be pretended, we presume, that the South does not sustain and applaud the craven and brutal assault of Bully Brooks upon Senator Sumner. This "great scandal of the age," which met a deserved rebuke from a majority of the House of Representatives, has just been "unanimously" endorsed by the "chivalry" of South Carolina. The constituents of Messrs. Brooks and Keitt have returned these twin Ruffians to Congress, not only without opposition, but by "a very large vote." Thus South Carolina, of her own accord and by her own act, deliberately sanctions and rewards the dastardly and murderous assault, committed by one of her Representatives upon a Senator of the United States, for "words spoken in debate." And this too after Brooks, in his defiant and insolent leave-taking speech, openly avowed that if Mr. Sumner had successfully resisted the bludgeon attack, he was prepared and resolved to shoot him dead on the floor of the American Senate Chamber!

Nor is South Carolina alone in thus endorsing the most atrocious act by which our National Capitol has yet been disgraced. Every Southern Representative in Congress, with *two* exceptions; and every Buchanan man present, save only *six*, voted *against* the resolution to expel Brooks and thus set the precedent for the "unanimous" vote by which his Southern constituents have signified their approval of his conduct. Thus "Club Law" has become, not only a Southern corrective for Free Speech, but a plank in the Buchanan platform; and henceforth Representatives from the Free States, who dare to utter their honest sentiments in regard to Slavery, must do so with the knowledge that they are amenable to "Club Law" for the offence, and that the entire South and the Buchanan Doughfaces of the North, will unite in upholding the ruffians who are charged with its execution.

Great Gathering of the People at Dayton, Ohio.

We learn that the anti-Nebraska Convention, held at Dayton, Ohio, on the 29th ult., was one of the largest assemblages of freemen ever convened in the Valley of the Mississippi. The number present is estimated at from 50,000 to 60,000. The enthusiasm of the assembled multitudes scarcely knew bounds. Speeches were made by Gov. Bingham, of Michigan, Caleb B. Smith, Anson Burlingame, Cassius M. Clay, and hosts of others. During the progress of the Convention the young ladies of Dayton presented a banner to the delegation from Green County, it being the largest on the ground. There were three contestants for this honor, as follows:

Clark	3,100
Miami	3,310
Green	3,350

In the evening an immense torch-light procession was formed, extending into almost every portion of the city. The transparencies, banners and mottoes were numerous and appropriate to the occasion. Ohio is good for almost any indefinite majority for Fremont.

Money in New York.—The Post of Wednesday says that "the supply of money continues abundant in market, and remittances are very large from the West. Corn is coming in from Canada. The rates of interest are 6 and 7 per cent for call loans, 6 per cent being the rule to first class borrowers; and the rates of discount are 6 and 7 per cent for well endorsed paper, 60 and 90 days 7½ and 8 per cent, do. 4 to 6 months and single named paper 8 to 9 per cent."

Fraud.—The Burlington *Hawk-Eye* says, that Dr. Eads, the Superintendent of Public Instruction in Iowa, has committed a giant fraud upon the School Fund. *Two Hundred Thousand Dollars* "that was intended for the education of the children of Iowa, has been squandered and wasted, loaned out to lazzaroni of the Pro-Slavery party—invested in corner lots—in newspapers—in everything but the legal one. It is the most astounding defalcation that ever occurred in the State."

If the *Sentinel*, N. Y. *Tribune*, and N. Y. *Independent* are wholly indifferent in regard to the religious faith of Fremont, why do they devote whole columns to the denial of his being a Catholic?—*News.*

If the *News* is "wholly indifferent in regard to the religious faith of Fremont," why does it devote whole columns to extracts from Know Nothing papers, charging him with being a "Roman Catholic?"

Horse Thief Arrested.—The Chicago *Dem. Press* of Saturday says that a man who stole a pair of horses and a buggy from a barn a few miles north of Milwaukee, on Tuesday night last, was caught on Friday, 18 miles west of Chicago, by Charles Noyes of the Independent Police, and sent back to Milwaukee for trial. He is thought to be one of a gang.

Green Bay Going Ahead.—The *Advocate* of July 23 says that one builder alone in that city has commenced and completed this season *ten* dwelling houses and stores, and has *seven* more stores under contract, all of which are to be completed this fall.

☞ The Richmond *Whig* says:—A general alarm from the mountains to the seaboard is felt for the corn crop. The rains have been partial and limited in quantity, the chinch bug universal, and like the sand of the sea shore for numbers. Many corn fields are entirely destroyed by them already, and others can only be saved by timely and copious rains.

Barn Burnt.—A barn belonging to Jacob Ray, in Brookfield, Waukesha County, was struck by lightning Saturday morning, and with its contents of grain and farm implements, was entirely consumed. Loss 700; insured for $490.

Fire at Fond du Lac.—A building belonging to Vexsmith & Co., Fond du Lac, was destroyed by fire, with its contents, on Friday last. Loss nearly $1000; no insurance.

THE PATHFINDER.

How Col. Fremont Planted the American Flag on the Highest Peak of the Rocky Mountains.

From Col. Fremont's Report of his Rocky Mountain Expedition.

"Putting hands and feet in the crevices between the blocks, I succeeded in getting over it, and, when I reached the top, found my companions in a small valley below. Descending to them, we continued climbing, and in a short time reached the crest. I sprang upon the summit, and another step would have precipitated me into a snow field 500 feet below. To the edge of this field was a sheer icy precipice, and then, with a gradual fall, the field sloped off for about a mile, until it struck the foot of another lower ridge. I stood on a narrow crest about three feet in width, with an inclination of about 20 degrees N. 51 deg. E. As soon as I had gratified the first feelings of curiosity, I descended, and each man ascended in his turn, for I would only allow one at a time to mount the unstable and precarious slab, which it seemed a breath would hurl into the abyss below. We mounted the barometer in the snow on the summit, and fixing a ramrod in the crevice, UNFURLED THE NATIONAL FLAG, TO WAVE IN THE BREEZE WHERE NEVER FLAG WAVED BEFORE!"

Free Labor.—We saw a reaper going into the field the other day carrying a Fremont flag, with an excellent and appropriate mottos. The intelligent farmers generally know and appreciate the flag which bears the glorious motto of "Free Labor" on its fields. This Assembly District is inhabited almost entirely by an intelligent class of laboring men, mostly farmers and full three-fourths of its whole vote will be given for Fremont.—*Ripon Spur.*

Stop Setting.—We looked through the window into a Know-Nothing *nest* on Tuesday night last, and saw an old Hunker on. If they don't want the Buchanan Know Nothings to appear too conspicuous they had better spit in the candles, and nail down the curtains.—*Ripon Spur, Aug. 1.*

Grand Republican Rally—Seven Counties Called.

The immense Convention of the Republicans of Rock County, recently in session in Janesville, adjourned to meet in the city of Beloit on Wednesday the 3d day of September next. In response to this call the Beloit Fremont Club cordially invite the Republicans of Rock, Greene, Walworth, Racine and Kenosha Counties in Wisconsin, and Winnebago and Boone Counties in Illinois, as well as all others, opposed to the corruptions and infamies of the present administration, and in favor of the election of Fremont and Dayton to the chief Executive offices of the nation, to meet them in mass Convention in the city of Beloit on the 3d day of September at 10 o'clock A. M.

The object of this meeting is to discuss the great and terrible issues forced upon us by the slave power, and to gird ourselves for a vigorous contest in defence of our liberties and the Constitution.

By the action of the Slave Oligarchy, which has the sanction of the falsely called democratic party, the rights and immunities of freemen have been invaded and outraged in Kansas, and are severely threatened elsewhere. It becomes every man then, valuing his own freedom and cherishing a love for his country and its Constitution, now to rally in defence of both. Let us come together in counsel, to mingle our sympathies with the oppressed and to stir ourselves for a conflict, on the results of which hang the destinies of country and the rights of freemen.

The success of the Slaveocracy in this struggle installs tyranny in power for a time, and opens the way for usurpations and corruptions before unheard of. Let every lover of his country then, now rouse himself to action.

Among the distinguished people invited to address the people are the Hon. Abram Lincoln of Ill., Gen. Nye, of New York, Judge Collamer of Vermont, Hon. John P. Hale of New Hampshire, besides several earnest and eloquent men of our State.

Come one, come all, and let this be such a rally for freedom as will convince the enemy that the thunders of indignation which burst from the hearts of an outraged and indignant people, must be heeded.

By order of the Fremont Club.
E. P. KING, President.
M. A. Nortrop, Secretary.
Beloit, Aug. 1, 1856.

Hints for the Canvass.

The following hints from the N.Y. *Tribune*, as to the indispensable preliminaries of the campaign, are worthy the attention of all true friends of Freedom:

There should be a Fremont Club in every village, if the township be large enough, but at least one club in each township, and a Central Union Club in the county, composed of delegates from each township club. The club should address itself to the following labors:

1. To get a list of every voter in each village or town of every county, and note his known or supposed predilections for President, and keep this in a book, noting the changes, if any, from time to time, and reporting to the County Committee.

2. To see that *every voter* has all the Republican documents the Club can afford to purchase, and especially: "The Republican Platform;" "Campaign Life of Fremont;" "Sumner's Speech," "Report of the Kansas Investigating Committee." Let them be thrown into every voter's door by a person in each village employed for the purpose.

3. To have frequent meetings for interchange of opinion, and let speakers be instructed upon the topics most suitable for the locality. In some places the foreign vote is to be undeceived; in others, the distinction pointed out between Fillmoreism and Americanism; in others, the Buchaneers to be attended to, and the particular shape which treason toward Freedom may assume well shaken out.

4. Let all difficulties be fairly looked in the face, and let not enthusiasm warp cool calculation. If help is needed, in the way of documents or speakers, let timely notice be given to the County Central Committee, or to the State Committee.

5. See that the success of the Electoral ticket and of Congressmen be preferred over and above all local considerations or local quarrels on local issues.

6. Divide the Clubs into Sub-Committees—for example: Document Committee, Public Meeting Committee, Vigilance Committee, Challenging Committee, Naturalization Committee, Ticket Committee, &c., so that there may be perfect division of labor.

7. Let each Club work in its own locality as if the success of the party depended upon the majority in that locality. Let the majority everywhere be swelled, and enlist the ladies in the cause.

8. Make public every change of tactics observed to be made by either the Buchanan or Fillmore opponents of Freedom.

9. Take care of the local newspaper favorable to Republicanism, and add to its campaign circulation.

10. Don't waste money in fireworks, eating and drinking sprees, music, and unnecessary decorations. Save this to pay expenses of printing and speech-making, and circulating the documents.

11. Relax no endeavors until the polls are closed, and count on no result as certain.

Terrible Colliery Explosion in England.—One Hundred and Ten Lives Lost.

An explosion occurred on Tuesday, the 15th inst., in the collieries of Messrs. Inslee & Co., at Cymmer, situate in the Rhoudda Valley, about 13 miles above Cardiff, which has produced consequences hitherto unparalleled in the melancholy history of colliery accidents in South Wales.

It appears that on Tuesday morning 116 or 117 men and boys went down into the Cymmer pit, little anticipating the horrible catastrophe about to occur. The two firemen, whose duty it was to examine the pit, to ascertain if there was any foul air or gas in it, re-ascended at about 6 o'clock, pronouncing the pit safe. In less than an hour after—indeed, before some had stripped off their clothes to commence work—the terrible gas exploded, and the affrighted people ran hither and thither for a few moments. Then one fell in the dark, and others staggering along stumbled on their dead companions, and fell dead also. Here some were struggling amid the tortures of the fire. There a tram full of boys, all dead; and in other places, in sidings or niches in the level, men had sat down to await their fearful doom, and had died with their elbows resting on their knees and their faces buried in their hands. Some had struggled forward, no doubt hoping to reach the airways and possibly escape.

When the report of the explosion was heard on the surface, it was too well apprehended what had occurred. Rumor says that for a day or two previously, indications had been given of what was about to occur. "Blowers," or casual explosions of gas had taken place. Two doorways had been blown down only on the previous day, and there were too many reasons to believe from the quantity of electricity with which the air had been charged, that an explosion of a more extensive nature might take place. This was too fully verified; and of the 200 colliers who worked in the Cymmer Colliery more than one-half were at a moment's notice swept into eternity. One hundred and sixteen human beings went down into the pit of death that morning, and of that host only six returned alive.

The screams of the wives and mothers at the mouth of the pit—those women congregated there to await and recognize the dead—as during the long interval that ensued between the period when the first intelligence of the explosion spread, on Tuesday morning, till the last body was brought out on the morning of Wednesday, were frightful and distressing. All day long the brave fellows who ventured down, almost in the face of death, to bring up the dead, sent up the bodies of the unfortunate men and boys who had perished, and when these were brought to the surface the recognition of a beloved husband or darling child, awoke harrowing cries.

On Wednesday morning the one hundred and tenth body was brought out, and it was left to conjecture whether any still lay in the pit of death. It was supposed, however, that all who perished were now brought up.

Workmen were immediately put on to supply coffins for the dead. There they were, working hastily with the saw and plane, to construct rude shells in which to deposit the unfortunate dead in their untimely graves, amid the crowds of eager people, still waiting to see the last of the dreadful catastrophe.

An inquest was opened on the Wednesday, and adjourned for a fortnight.

Many years have elapsed since any accident of a very serious nature had occurred in this valley, which is celebrated for its cooking coal, and from which the Great Western Railway derives the supply for its locomotive power. The last explosion of a sweeping character was one in 1853, at the Middle Dyffryn Colliery, near Aberdare, when 64 men were killed.

At present, of course, no cause can be assigned for the explosion, but the barometer at the time was falling—a circumstance which has attended every former occurrence of the kind, and which should impose on the overlookers extra caution whenever atmospheric alterations may be expected.

Sporting Items.—A very interesting trotting match came yesterday over the Fashion Course, between Lancet and Flora Temple—mile heats, best 3 in 5. The former was under the saddle, and the latter to harness. The race was admirably contested, and Lancet astonished some of the "knowing ones," by winning in three straight heats. Time 2:28, 2:29, and 2:30.—*N. Y. Mirror, July 30.*

From Washington

Special Dispatch to the N. Y. Tribune.

Washington, Tuesday, July 29, 1856.

The House has done a glorious work for Freedom to-day. It has passed the Army Appropriation Bill, by a vote of 91 to 86, with Mr. Sherman's amendment appended, which is as follows:

"*Provided, nevertheless,* That no part of the military force of the United States herein provided for shall be employed in aid of the enforcement of the enactments of the alleged Legislative Assembly of the Territory of Kansas, recently assembled at Shawnee Mission, until Congress shall have enacted either that it was or was not a valid Legislative Assembly, chosen in conformity with the organic law by the people of the said Territory. *And provided,* That, until Congress shall have passed on the validity of the said Legislative Assembly of Kansas, it shall be the duty of the President to use the military force in said Territory to preserve the peace, suppress insurrection, repel invasion, and protect persons and property therein, and on the national highways in the State of Missouri, from unlawful seizures and searches. *And be it further provided,* That the President is required to disarm the present organized militia of the Territory of Kansas, and recall the United States arms therein distributed, and prevent armed men from going into said Territory to disturb the public peace, or aid in the enforcement or resistance of real or pretended laws."

The bill as amended has gone to the Senate, and the responsibility is thrown upon that branch to say whether supplies shall be voted to the Army or not. Not content with this, the House wheeled into a line under the lead of Mr. Grow of Pa., and substituted Mr. Dunn's Free Kansas Bill for Mr. Grow's and put it through to its final passage by a vote of 88 to 7[illegible], and that has gone to the Senate also.

Dunn, Haven, Harrison & Co., voted for it.—The bill repeals the Kansas-Nebraska Act, restores the Missouri Compromise, and provides carefully for a thorough reorganization of the Territory, and the Executive power and authority in and over it to be vested in a Governor, who shall hold his office four years; the appointment of a Secretary and the election of a Council and House of Representatives—the first election to be on the Tuesday after the first Monday of November next; that all the laws passed by the Legislative Assembly and Governor shall be submitted to the Congress of the United States, and if disapproved, shall be void and of no effect; and that all laws or pretended laws, whether now existing or hereafter enacted in said Territory, in contravention of the provisions of this Act, shall be void.

The joint amendment of Barbour and Wakeman to the Appropriation bill was lost by a vote of 98 to 89. This happened through the absence of Free State men without pairs. Some five or six Free State Members were also present and did not vote, having paired off with Southern men.

The Indian Appropriation bills with Senate amendments were reported by Mr. Campbell from Committee of Ways and Means, and referred to Committee on the Whole.

There is considerable speculation whether the Senate will reject or adopt this Kansas bill. Many believe that it will adopt the bill. If it does not, the House will insist upon the amendment to the Army Appropriation bill. M.

How the Candidates Look.

Brady, the daguerreotypist, has all the candidates in his gallery—Fillmore and Donelson, Buchanan and Breckenridge, Fremont and Dayton—two pictures of each, a colored miniature, and a life-size portrait. How do they look?

Buchanan looks old, old—very old. A large-boned, heavy old man, with a massive head quite grey, a forehead all puckered between the eyes, and the skin drawn tightly over a large living face. He looks like a dead man—a dead old man. His mouth shows age in every line. It is a mouth that looks unused to smiling; an irregular, jagged hole in the face. Unhappy old man! who threw away all the good of life in scheming for place, and now, tottering on the brink of the grave, is doomed to see the prize for which he lost his soul, approach him only to glide forever from his grasp! Stand before that picture, young politician, and see what the scheming partizan becomes! Not the face is a bad face. It is an unhappy face, an uneasy face, and un-noble face, an old, old, but not pleasant, intelligent benevolent face. It is the face of a man who has missed the true good and joy of life, and who is willing to sacrifice the tranquillity of his last years for the sake of that which an old man has no excuse for valuing. It is the face of a man who is willing, at three score years and ten, to cease to be James Buchanan, and to become only the representative and tool of certain office holders and office-seekers, commonly called "the Democratic party."

Breckenridge is quite the dandy—a black-haired, smoothed-face, beardless young gentleman of thirty. His face, as delineated by Mr. Brady and the Sun, is devoid of expression. He is somewhat primely dressed, and looks most competent to do all that may become a man—in the drawing room. If he should be called upon—which he is not going to be—to preside over the Senate, he will be of all living men the most out of place. He will have to grow as never men grew before, or he will not be able to *fill* the chair once occupied by Adams and Jefferson.

* * * * *

Dayton is a handsome, well-knit man, in the very prime of manhood. Hair black and luxuriant; a good symmetrical massive forehead; an open, direct, guileless, and fearless expression of countenance. He is a manly-looking man, one who would be fit, or could make himself fit, for any place. He would be called the handsomest man in the Presidential group.

In the countenance of Fremont is seen that blended expression of strength and serenity which marks the hero. Soft blue eyes; hair brown, and profuse; moustache and beard; a rosy face, not without some lines stamped upon it by toil, exposure and care; a *composed*, intelligent look; earnest, thoughtful, unruffled, and not easily to be ruffled; the open and somewhat flowing shirt collar, imparting a careless grace to the upper part of the person. It is the picture of a man who would be coolest when nearest destruction, and under whose assuring eye cowards would become brave. It is the face of a man with whom it was inevitable that Jessie Benton should run away. No girl worthy of him could help it.—*Life Illustrated.*

Important Political Statistics.

Of the 6,222,418 white inhabitants of the South, only 347,525 are owners of Slaves, yet this faction controls every branch of the Federal Government, and wields its influence for the increase and perpetuation of Slavery. Annexed is a classification of Slaveholders in 1850:

Holders of	1 Slave			68,820
" "	1 and under		5	105,683
" "	5	" "	10	80,765
" "	10	" "	20	54,595
" "	20	" "	50	29,733
" "	50	" "	100	6,196
" "	100	" "	200	1,479
" "	200	" "	300	187
" "	300	" "	500	56
" "	500	" "	1000	9
" "	1000	"	over	2

Total number of Slaveholders 347,525

The Congressional representation of the Free and Slave States is as follows:—

HOUSE OF REP.	U. S. SENATE.
The Free States have a total of 144 members.	16 Free States, with a white population of 13,238,670 have 32 Senators.
The Slave States have a total of 90 members.	15 Slave States, with a population of 6,183,477, have 30 Senators.
One Free State Representative represents 91,935 white men and women.	So that 413,708 Free Men of the North enjoy but the same political privileges in the United States Senate, that are given to 206,215 Slave Propagandists.
One Slave State Representative represents 58,725 white men and women.	
Slave Representation gives to Slavery an advantage over Freedom of 30 votes in the House of Representatives.	

The Post Office statistics for a single year, are interesting, exhibiting as they do, the advantages derived in this department of governmental economy, by the South at the expense of the North. We annex a brief statement:

Chief Items of the Account.	*Free States.*	*Slave States.*
Amount received for Postage,	$4,291,360 30	$1,486,984 04
Paid for Transport'n Mails,	2,331,087 16	2,097,266 06
	$2,010,253 64	$ 600,231 99

The above shows that there is received yearly in the Free States, Two Millions of dollars more than is expended, while in the Slave States the expenditure exceeds the receipts over Six Hundred thousand Dollars!

These statements furnish food for reflection.—There is not a right which the South possesses, which she is not welcome to, but when by Democratic (?) legislation, she repeals the Missouri Compromise, in order that the institution of Slavery may be carried into all Territories—the area of which is greater than that of all the States combined—it behooves the Free North to keep a watchful eye on her rights and interests.

Fatal Accident.—While Mr. Mileck, a German in the employ of Messrs. Marvin and Goodnow, was engaged this afternoon in piling up lumber in the yard opposite the Kilbourne House, accompanied by his little boy, aged about four years, a pile of the lumber suddenly fell over, burying the little fellow beneath it, and killing him instantly. The lumber was heavy cherry, and the child's head was literally crushed to pieces before he was extricated.—*Beaver Dam Citizen.*

Particulars of the Burning of the Steamer John Jay.

MANY LIVES LOST!

Whitehall, Wednesday, July 30.

The steamer John Jay, on Lake George, was destroyed by fire near Garfield, yesterday afternoon. A number of the passengers and crew perished. The bodies of four ladies have been recovered. We have not yet obtained a list of the dead and missing.

Albany, Wednesday, July 30.

Miss Sherman, sister of John J. Sherman, of this city, is one of the killed on the steamer John Jay.

The following bodies have been recovered: Mrs. Belknap, wife of Edward Belknap, of N. Y. City; Miss Benshaw, of New Orleans; Mr. Metcalf, of Cherry Valley, N. Y.; Mrs. S. C. Thwing, of Boston; Miss C. A. Fleet, of Brooklyn. Five in all.

J. P. Phoenix, wife and three daughters, and the Captain and crew were all saved.

It is supposed that one other body may be under the wreck, but it is merely a supposition.—The vessel is burned to the water's edge.

The fire is said to have been caused by the burning of pitch pine wood, which choked up the smoke-pipe so as to drive the fire and smoke into the fire-room, compelling the fireman to retreat to the deck for air, without giving him an opportunity to close the doors of the fire-boxes. The sparks quickly ignited to the wood-work overhead, and the boat was enveloped in flames almost instantly.

The passengers blame the Captain for not running her on shore immediately as she was near a sandy beach at the time, instead of allowing her to go on for the purpose of trying to put out the fire, and saving the boat, and at last being compelled to run on some rocks. Others attach no blame to any one, and say that the Captain did everything in his power to prevent the catastrophe. A full investigation of the affair is to be had.

Another New Paper.—We received yesterday the first number of the *Fountain City Beacon*, published at Fountain City, Buffalo County, Wisconsin, by Rose & Beeson. The *Beacon* is a sprightly, neat-looking sheet, and shines forth brightly in the cause of Fremont & Freedom. *Fountain City* is on the Mississippi, 200 miles above Galena and 150 below St. Paul. It already boasts of 800 inhabitants, and is bound to be a *point.*

The Last Resort.—Mr. Buchanan's organ in his own State, the *Pennsylvanian*, says:

"Perhaps it is not too late for Mr. Buchanan, in the months that yet intervene before the Presidential election, to run away with somebody's daughter—thus putting himself on a level with the Republican candidate."

That will not do it; he must get somebody who will be willing to run away with him.—*N. Y. Evening Post.*

Republican Ticket in Maryland.—The Cecil Democrat states that the Republicans have determined to run an electoral ticket in Maryland, and that Francis P. Blair is to be one of the electors at large. There will be tickets for this party in at least three or four Southern States, viz: Delaware, Maryland, Kentucky and Missouri. Texas may yet be added to the list, as the German vote is there very strong.

Treason.—Fremont was "confirmed" in the Episcopal Church when he was sixteen; he ran away with Jessie when she was sixteen, and he has been married just sixteen years.—*Exchange.*

And he will be elected to the Presidency by the electoral votes of sixteen States.—*Albany Evening Journal.*

Charles Doerflinger, for assault and battery upon Mary Oelerr, case continued to August 7th at 10 A M

BRICK MAKING—BUILDING—Our Brick makers are all busy as bees, and yet the supply is not equal to the demand Prices keep well up, under these circumstances, common brick bringing, readily, $7 per thousand and pressed brick $16 do We heard of a lot of common brick sold on Saturday, to go to Beaver Dam, at $9 *cash* per thousand One of our largest brick makers informed us, Saturday, that the number to be made here the present year, would be at least *fifty* per cent greater than in any previous season, and they would be all laid up into walls He estimated the number of brick to be put into buildings in our city, during the current season, at *thirty millions* at least When, to this aggregate, is added the amount of stone, iron and lumber to be used for like purposes, some idea may be formed of the amount of building now going on in Milwaukee The aggregate capital which will be invested in stores, dwellings, and other structures, during the present year, will fall but little short of *two million of dollars*

FARMERS, CLEAN YOUR WHEAT!—As the new crop of our State will soon begin to come into market, we desire to remind Farmers of the restrictions passed at the Milwaukee Corn Exchange, last Spring, and which will be adhered to, in future transactions They are as follows

Resolved That hereafter the members of the Corn Exchange will make that difference in the price of clean and unclean wheat which real equity and the demands of the Eastern market and the reputation of Wisconsin wheat requires

Resolved, That we will as buyers and sellers of wheat insist that the benefits of clean wheat and the losses of unclean wheat shall fall where they properly belong upon the producer

Resolved, That we pledge our selves individually and collectively to faithfully labor for the reforms contemplated in these resolutions, by always encouraging honest dealers by high prices, and discouraging the reverse with the proper deductions

Farmers, as well as Dealers will find their account in cleaning their wheat before bringing it to market

ACCIDENT IN A BRICK YARD—A German named HERMAN MANS was killed and a H Sander, HENRY SCHMIT, was fatally hurt, by the caving in of a claybank, at the Brick Yard of MILFORD & BENSON, at Whitefish Bay, 9 miles from this city, on Friday last

FINE DISPLAY OF VEGETABLES—Mr J E SMITH, dealer in Poultry, Fruit and Vegetables, on Mason Street, one door west of the *News* Office, had a very fine display of Flowers and Vegetables on his premises, Saturday The egg plants, cauliflowers, tomatoes and beans were especially good, and attracted admiring crowds Mr SMITH has always on hand a good supply of fresh vegetables

Justices of the Peace.

ARE APPOINTMENTS BY THE COMMON COUNCIL VALID?—A decision has recently been made by ALBERT SMITH, Justice of the Peace for the Seventh Ward of this city in which the above question is decided negatively As a matter of public interest, a copy of the decision has been sent us for publication The case arose thus

An action in *assumpsit* was commenced before R N AUSTIN Esq, who was appointed Justice in the 4th Ward by the Common Council, *vice* MILLARD resigned The case having been removed by affidavit of defendant and sent before Justice SMITH defendant set up the plea that AUSTIN, the Justice before whom the suit was commenced, was not at the time, nor since, a Justice of the Peace, in accordance with the requirements of the Constitution (Sec 15 Art 7) The plaintiff replied that Austin was an *appointee* of the Common Council, under the City Charter, and therefore *legally* a Justice of the Peace—To this defendant *demurred* and plaintiff joining in the demurrer, the question was forced upon Justice SMITH for his decision, which was, in substance, as follows

The question presented by this demurrer is one which ought more properly to be decided by another tribunal and considering the importance of it, doubtless it will be reviewed in another forum but as it is here presented it must be decided

See Section of the Constitution (15) referred to in the plea.

This provision of the Constitution seems to be very clear, that Justices of the Peace in this State are to be *elected*, and equally clear that vacancies are to be filled by an *election*, and that all the civil jurisdiction prescribed by law to Justices of the Peace is only conferred upon Justices "*thus elected*" Is there any other mode by which Justices of the Peace can be created, than an election by the people? It has been said that Sec 10 Art 13 of the Constitution makes such provision, it is as follows "The Legislature may declare the cases in which any office shall be deemed vacant, and also the manner of filling the vacancy where no provision is made for that purpose, in the Constitution"

But the "*manner* of filling the vacancy" is provided for in Sec. 15 Art 7, and it is by *election*, and to fill the unexpired term,—hence this vacancy in the office of Justice of the Peace is not one in which the Legislature may declare the manner of filling it The People vs Purdy 2 Hill's Rep 9 and 4 Hill 384 Newell vs. the People, 3 Selden Rep 9 and page 89, same case Per Ruggles ch J

It would seem to follow, very clearly, that the Legislature had no authority to declare the *manner* of filling vacancies in the office of Justice of the Peace, they could regulate the time and place, but the Constitution regulates the manner and decrees that it shall be by election

It is equally clear that the Legislature have not attempted to declare the manner of filling a vacancy in that office By Sec 9 Chap. 14 Rev Stat. the Legislature have declared the events upon the happening of which every office shall become vacant Sec 46—47 Chap 12 R. S. providing for resignations and vacancies, expressly excepts Justices of the Peace from being appointed like other town officers therein named, and Section 88 of same Chapter, expressly and distinctly affirms the Constitutional provision on the subject It is as follows "Justices of the Peace, after the first election under the provision of this chapter, shall severally hold their offices for two years from and after the first Monday in *May* next succeeding the election, except when *elected to fill a vacancy* in office occurring before the expiration of the legal term of two years, and *when elected to fill a vacancy* they shall hold during the unexpired portion of such term

There is no ambiguity in this provision of the law and it recognizes in express terms the *manner* of filling vacancies in this office by an election only

But the Legislature did not stop here, by Sec 92 Chap 12 it is provided, "Whenever, at any town meeting, there shall be a vacancy to be supplied in the office of Justice of the Peace, and at such election, Justices of the Peace are to be elected for the full term, it shall be necessary to distinguish on the ballots the person voted for to supply such vacancy."

These provisions of law, thus in harmony with the Constitution, do not appear to have been repealed and apply with equal force to all Justices of the Peace and all elections, whether in city, town or ward

It is claimed that the Common Council of the city of Milwaukee had conferred upon them by the city charter (see sec 3 of chapter 9) the power to appoint Justices of the Peace to fill vacancies, and that the Justice before whom this suit was commenced, was thus duly appointed by that body, and qualified

It might seem sufficient to observe that this provision of the charter, though general in its terms, was never intended by the Legislature to apply to Justices of the Peace but even if it was so designed by it, in my view of the case, no authority, whatever, was given to the Common Council to make such an appointment, for the plain reason that it was not competent for the Legislature to abrogate the Constitution in letter or spirit in that behalf The appointment set up by the replication was, in my judgment, null and void, and conferred no more jurisdiction as Justice of the Peace, upon the appointee, than if made by the Milwaukee Gas Light Company, and all proceedings and judgments had by and before him are void entertaining this opinion, without doubt or hesitation, the demurrer in this cause will be sustained and the suit dismissed, without costs, leaving the parties to their remedy by action, for whatever damages or costs they may have sustained.

A question may be raised as to the right to decide this case, but I understand the rule to be this When the court or officer claims to be such by color of authority, his right to office can only be determined by quo warranto, but where as in this case the entire want of authority is apparent or is conceded as it is by this replication, that rule has no application, and any court may decide the legality of the proceedings, precisely the same that it could the want of jurisdiction for any other cause.

MILWAUKEE HORTICULTURAL SOCIETY—We are requested to call the attention of members of this Society to the August meeting, to be held at the rooms of the Young Men's Association, *this day*, at [illegible] o'clock P. M A full attendance on this occasion is particularly desired

POLICEMEN AT THE BRIDGES—A resolution was adopted by the Council Friday evening directing the Chief of Police to place during the day one policeman each on duty at the Walker's Point, and Spring Street Bridges who shall be required to keep order prevent confusion and the violation of city ordinances, was passed

TO BRIDGE BUILDERS.

THE LaCrosse & Milwaukee Railroad Co invite proposals with plans and specifications until Wednesday noon Oct 15th next for building a bridge over the Wisconsin river, on the line of their road This road extends in a north westerly direction across the State from Milwaukee, on Lake Michigan to La Crosse on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County The river, at this point runs in a rocky bed the banks of which are vertical rock bluffs to the height of [illegible] feet above the water at which point they are at the grade of the line of the road, and about 300 feet apart. The water is about 40 feet deep having in the middle of the stream, a few feet of sand overlaying the rock bottom It is proposed to erect two piers about 50 feet from either bank at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet and two short spans at the ends, resting upon the natural rock as abutments It is desirable so to construct the bridge as to give a wagon way below the R. R track passing the latter over the higher section of the bridge The Company reserve the right to award the contract to any parties, on any plan furnished but in case of their giving the contract to any builder on any plan furnished by any other person they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS in full consideration of the plans and specifications so adopted

Patent Galvanic Cement for Roofing

THE ATTENTION of Architects, Builders and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes In fact, we think it superior to any other Roofing, for it has more essential qualities combined required for roofing than any other material used, viz Imperviousness to water, incombustibility, durability and cheapness It is Fire and Water proof and can be applied to flat or steep roofs In its texture and appearance it resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the coldest—Therefore it forms a good walk on piazza's flat roofs car tops, steamboat decks &c Its fire proof qualities particularly adapts it to Railroad buildings, engine shops, &c, It is especially adapted to repairing old roofs, seaming around battlements sky lights and chimneys, and for lining eave troughs &c

This roofing is being extensively used in the Eastern States on the most expensive buildings Testimonials may be seen from the owners of buildings Builders and Architects, and also specimens by calling at the office.

SPECULATORS, ATTENTION!!!

EIGHT COUNTRY SEATS, of 90 acres adjoining each other, within one mile of the city limits, for sale. A golden opportunity for a profitable investment.

Having determined to retire from the profession, and to remove from the State, I now offer for sale my homestead of 160 acres, one mile south of the city limits, and 2½ miles from the Walker's Point bridge. It is situated upon four corners, and hence has a

MILE OF ROAD AROUND IT,

And cutting it up into eight lots of twenty acres each, with equal fronts upon the road, will give 8 magnificent country seats upon the choice of two roads, or four residences upon each road, with forty rods front to each residence, from all of which, when the intervening timber is removed, the City and Lake will both be in view.

The farm has ever been esteemed the best of its size in Milwaukie County. It is a warm, rich, gravel loam, especially adapted to fruit and vegetables, and may be divided into four Farms of forty acres each, in a square form, and have living and durable water upon each forty acres, and not a rod of waste in the whole, or any but the best quality of land.

Sixty acres of the farm is now in a good state of profitable cultivation (one half thereof in meadow,) with over forty acres thereof, where the stumps do not average more than one to the acre. Two indifferent log cabins, both occupied, and a well finished frame barn, 40 by 44 feet, and upon the premises. A thrifty young orchard of *ninety bearing apple trees.*

NINETY ACRES OF THE FARM
IS STILL COVERED WITH A
Heavy Growth of Unculled Timber,

two thirds of which is sugar maple, interspersed with about 500 large white oaks (of the best quality for ship, stave and wagon timber,) and half a dozen black walnut trees, alone worth $15 per tree standing on the ground.

The timber, alone, upon the farm, is estimated to be worth, for cord wood only, over $10,000.

Having owned the farm some ten years, and during a portion of the time cultivated it with my own hands, and hitherto designed it as my homestead, I am unwilling even now, though I have made up my mind to sell it, to break it up and sell in parcels. To one, or eight, or more, I will sell it all at once, for such price as will make it the best purchase that has been made near or in Milwaukie, within the last two years.

CHAS. PREUSSER,

TAKES PLEASURE in announcing to his friends and customers, and the Public generally, that he has removed to his new and elegant Store, built by him expressly for his rapidly increasing business, on the corner of East Water and Mason Streets, opposite the Walker House and Post Office. Where he is receiving almost daily additions to his large stock of

CLOCKS, WATCHES, JEWELRY, SILVER AND PLATED WARE, FANCY GOODS,

in fact of everything usually to be found in a well assorted business of this kind.

As his stock is all new, of the latest and most fashionable styles, purchased direct from manufacturers and importers, and will be sold at a very small advance, he flatters himself that both his Prices and Goods will give general satisfaction.

The Repairing of Watches and Jewelry will be as heretofore under my personal superintendence, and I have engaged help enough to do all work with despatch. Thankful for the kind patronage, so liberally bestowed upon me during the past Eleven years by the Milwaukee Public, my friends and customers may be assured that no effort of mine will be wanting, to merit a continuance of the same.

F. M. LANE'S
PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for inside or work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself; the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints; it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

Also, Plain and Ornamental Painting, decoration of Private Dwellings, Churches, &c., Sign and Fancy Painting.

Valuable Stone Quarry for Sale.

THE undersigned are desirous of disposing of their valuable Stone Quarry, containing twenty or twenty-five acres of land, situated about one and a half miles from the city of Milwaukee, on the Milwaukee & Watertown Plank Road and the Milwaukee & Mississippi R. R. This Stone Quarry contains an amount of stone sufficient to supply the city of Milwaukee with foundations and stone suitable for cutting, in courses from two and a half inches to twenty-four inches, for centuries to come.

It is considered by competent judges to be the best Quarry in the State of Wisconsin.

We have tested some of our stone, and have become satisfied that they will make the best quality of *Water Lime.*

We also have a valuable Water Power adjoining the Stone Quarry, on the Menomonee River, with one of the best dams in the State, which we will sell with the Stone Quarry, if desired.

For capitalists and men wishing to engage in active business, this is a rare chance for speculation.
